PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. The title of the article needs major revision. The title of the article can be changed to 'The factors affecting the fishermen's income: A case study of Cikidang Fish Landing Port of Indonesia' 2. The regression table is missing from the write-up. The standard table having the regression coefficients along with its standard error should be incorporated in the text. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. The regression model used in the study should be backed up by some evidence. Like instead of using quadratic or log-log functions, why was this model used? 2. More keywords like Indonesia, Income could be added 	
Optional/General comments	The article lacks comparison or support from other relevant studies for some parameters. Kindly look into this matter. Since the table for regression coefficients is missing, it was difficult to interpret your findings.
