PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Dear authors Congratulations ask for scientific article, however, some improvements and corrections must be made. I suggest the following: - Present the conceptual research model; - Define properly supported research hypotheses; - Present each item and associate them with each objective of the investigation; The major research question that underlies the interest of this study should be highlighted. Secondary research questions are not answered clearly. If you define the research hypotheses, you can remove the secondary questions.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
