### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	RESULTS and DISCUSSION section, all subsections. The authors gave discussion, but the discussion and the results were not compared with similar discussion and results that were published by other authors. The authors used and cited some references, but it is not enough for suitable scientific discussion. The authors have to cite more related and relevant papers and add new discussion and evidence for their claims in the main text in the section. The authors should modify the main text regarding the suggestion. What is novelty?  There are many mistakes regarding punctuation (comma, space, full stop,..). Please, check all text. Please, do not use et al., too.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:
