**General guideline for Peer Review process:**

This journal’s peer review policy states that NO manuscript should be rejected only on the basis of 'lack of Novelty', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

**PART 1: Review Comments**

| Compulsory REVISION comments | The references are scanty, the discussion is not elaborate and foot notes needs to be up to date | Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
| Minor REVISION comments |  |
| Optional/General comments | The research is educative and knowledge base thus there is need for additional trial so as to substantiate the result of the experiment. | |

**PART 2:**

| Are there ethical issues in this manuscript? |  |
| (If yes, Kindly please write down the ethical issues here in details) | There are no ethical issues with regards to the research in question |

**Reviewer Details:**
