General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only based on '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijrrd.com/index.php/IJRRD/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. The referencing should start with 1 from introduction and followed chronologically2. "analysis "The Global Burden of Disease 2017", the untreated caries in permanent dentition was believed to be the most prevalent dental disease (29.4%)" This data seems too old for a work being published in 2022.3. Some of the references seems too old. This should be reviewed.4. Kindly use P value instead of CI5. The discussion is densely discussed and sparingly compared with relevant studies alike. This should reflect in the reviewed version of the work.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p>(If yes, Kindly please write down the ethical issues here in details)</p> <p>I currently do not have access to my plagiarism software, I however, strongly advise a check on Turnitin to ascertain the level of plagiarism of this work.</p>
