Manuscript Number:	Ms_JALSI_78180
Title of the Manuscript:	Proximate composition, essential heavy metal concentrations and nutrient density of the mycelium and fruiting bodies of organically cultivated <i>Pleurotus ostreatus</i>
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljalsi.com/index.php/JALSI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Give details or exact definition of POMY (mycelium) in the materials section. How it was produced in comparison to FB. Also what was the substrate for producing the FB	
Minor REVISION comments	The references should be cited in a uniform way according to the journal rules The paper can be shortened, as there is no need to repeat results both in the text and tables.	
Optional/General comments	It is important to evaluate the nutritional value of mushrooms; thus, the data is interesting and important. You can add a short conclusions section	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
